

DARK FOREST

BENEFITS OF TROJAN PROFLOOR

Ready-lacquered with a UV-cured, acrylic-based lacquer or an oil finish to preserve the wood's natural appearance.

The strength of multiple layers of engineered timber.

30-year structural guarantee. The multi-layer system will not de-laminate for a guaranteed period of thirty years.

Conforms to the Building Code of Australia's Fire Safety Standards for flooring materials.

WHAT IS PROFLOOR?

PROFLOOR is engineered timber flooring that sets standards, in terms of stability, around the world with its multi-layer construction patented over fifty years ago. Engineered to withstand contraction and expansion, PROFLOOR is designed to protect against warping and de-lamination - a major problem that can occur with some types of timber flooring.

LONG-LASTING STABILITY THROUGH MULTI-LAYER CONSTRUCTION

OUR ENVIRONMENTAL RESPONSIBILITY

YOU CAN ENJOY YOUR BEAUTIFUL TROJAN TIMBER FLOOR KNOWING IT'S SAFE FOR THE HEALTH OF YOUR FAMILY AND THE ENVIRONMENT

If sourced responsibly, timber is one of the most renewable resources in the world. By sourcing only through legal logging, Trojan dutifully acknowledges our role in the chain of custody as an importer and supplier of timber flooring.

Trojan Timbers supports the protection and maintenance of high conservation value forests.

ACCREDITATIONS:

- ✓ PROFLOOR meets the European requirement for formaldehyde emissions in accordance with the E1 emission standards.
- ✓ Member of the Programme for Endorsement of Forest Certification Schemes (PEFC).
- ✓ PROFLOOR is sourced from suppliers that are certified members of the Forest Stewardship Council (FSC).
- ✓ Certified by AWTA - Trojan PROFLOOR conforms with the Building Code of Australia's requirements for flooring materials: spec c1.10 clause 3, floor lining, critical radiant flux 1.2.

VALENCE

Trojan's range of Australian Species offer a selection of colour tones and grains. Regardless of the design, if you are looking to create a modern or rustic feel, there is sure to be something to suit your style or decor.

TROJAN ACOUSTIC UNDERLAY

Trojan's range of wood floor acoustic underlayment includes Trojan IQ and Silent Walk

TROJAN IQ - Premium acoustic underlay

Trojan IQ is Trojan's premium acoustic underlay, which offers excellent noise reduction properties and is a moisture inhibitor. It can be used in both residential and commercial applications. This underlay significantly reduces foot traffic noise and sound transmission. Trojan IQ underlay is recommended for use under any PROFLOOR installation where superior acoustic performance is required.

SILENT WALK

Silent Walk is Trojan's industry standard acoustic loose-laid underlay that does not require expensive gluing or preparation. Silent Walk acoustic underlay is designed with a PVC moisture barrier to help protect the timber floor.

WHY IS QUALITY UNDERLAY IMPORTANT?

- ✓ Fills small undulations in the floor to help provide a smoother surface.
- ✓ Provides underfoot cushioning to hard concrete or timber subfloors.
- ✓ Improves acoustics - reduces rebound sound and noise transmission to lower levels in multi-story commercial and residential buildings.
- ✓ Trojan IQ and Silent Walk have a built-in moisture-resistant barrier to help protect the timber floor.

! Please check body corporate requirements before installation, as not all sites are the same. Where acoustic requirements are critical to your design objectives, we would always recommend an affordable acoustic test be conducted on site.

Please note: Silent walk and Trojan IQ are not designed to completely seal the subfloor or as a solution to rising damp. In such circumstances, the subfloor should be sealed prior to the installation of underlay and timber floor.

30-YEAR STRUCTURAL WARRANTY

Your new Trojan PROFLOOR timber flooring comes with a **30-Year Structural Warranty.**

The structural warranty guarantees that the multi-layer system of your PROFLOOR timber floor will not delaminate for a guaranteed period of thirty years.

This is conditional on the floor being subject to normal use. The warranty is not applicable where the floor has been subject to flood or misuse.

Conditions apply. For a complete copy of the warranty, visit www.trojantimbers.com.au

TROJAN PROFLOOR ROOM PLANNER

Can't imagine how your flooring choice will look? Can't decide between Trojan's PROFLOOR options?

Available on our website, Trojan's Room Planner is an easy-to-use feature that allows users to view Trojan's PROFLOOR range in various room layouts.

Create a favourites list of Trojan PROFLOOR options.

Swap, change and compare your top choices of flooring styles.

Bring your flooring design ideas to life! Visit: www.trojantimbers.com.au/trojan-room-planner

Choosing your timber flooring can be a big decision! Trojan's Room Planner makes it easy to decide which PROFLOOR specie is best for you.

To ensure the optimum performance of your floor and full coverage of the product warranty, please adhere to all instructions relating to the subfloor, installation environment, installation method and care and maintenance guide. For more information including warranty conditions, care instructions, installation advice and technical data sheets, please visit our website or contact us directly.

Any samples viewed or provided are a guide to colour only and not a guarantee that all planks are the same.

Please note: pictures contained in this brochure are for illustration purposes only. Print and electronic depictions of the timber may differ to the actual product colour.
